

DescTools, mvtnorm, and Rtools

1. Install this: <https://cran.r-project.org/bin/windows/Rtools/> and this <https://www.rstudio.com/products/rpackages/devtools/>
2. Go into R and do the following:
 - a. `install.packages("Rtools")`
 - b. `install.packages("mvtnorm")`
 - c. `install.packages("DescTools")`

Alternatively, update your R version by doing the following directly from the R GUI:

1. `install.packages("installr")`
2. `library("installr")`
3. `updateR()`

XLSX

1. Install this <https://www.java.com/en/download/>
2. Go into R and do the following:
 - a. `install.packages("rJava")`
 - b. `install.packages("xlsx")`
